

# 'Get Outdoors' GO! Program Landmark's Amazing Artists!!! Special Watershed Art/Science Project

Look at our amazing artwork in  
The 2008-2009 school year!

- ✎ Local Plein-air artist, Jan McGeorge, hired to work with students on watershed art/science
- ✎ Display of 9x12 Struve Slough mural and life-size papier-mache great egret and red tailed hawk during Open House/Watershed Festival
- ✎ 75 students in grades 1-5 participated
- ✎ Students helped design and paint the mural & papier mache red-tailed hawk and great egret
- ✎ Science room transformed into "A Walk in the Slough" during Open House
- ✎ "A Walk in the Slough": bird sounds played behind mural, 36 gallon tank (surrounded by native grasses) held Watsonville Slough water, microscopes stood around the room held various water-based slides, slide show of students and activities during the year projected on wall, hawk hovered at the ceiling and egret greeted all at door.
